About the Country Dashboard

The Country Dashboard is an interactive data visualization tool that allows you to compare a country with selected groups of countries and assess its progress over time. The Dashboard provides the most-up-to-date data across eight sectors. Start searching at <https://idea.usaid.gov/cd>.

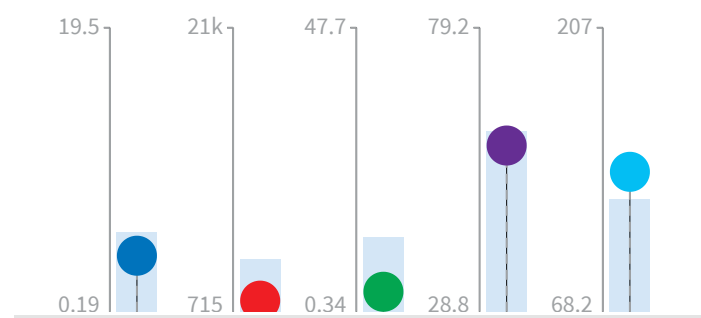

About International Data and Economic Analysis (IDEA)

The Dashboard is housed on the International Data & Economic Analysis (IDEA) site. IDEA allows USAID staff and partners to access and use country-level data from different third-party sources simultaneously. IDEA has over 10,000 data series from over 100 sources. In addition, IDEA offers various tools to facilitate identification and analysis of the data. Start exploring at <https://idea.usaid.gov/>.
